A one-component, rapid hardening, polymer modified concrete resurfacing mortar for smoothing, resurfacing, rubbing, and restoring concrete surfaces. Final Finish™ offers a unique long pot life but rapid hardening performance on the substrate to minimize waste and labor.

**Benefits**

- Ultra Fine – no sand
- Single Component – Just add water
- Rich smooth consistency
- Long Pot Life
- For Interior or Exterior use
Final Finish

Packaging
- 15 lb pails
- 40 lb bags (60 bags per pallet)
- Coverage of 40 lbs: approx 120 sq-ft @ 1/16"

Usage
- Offers superior durability for all interior and exterior, horizontal, vertical and overhead concrete applications
- Ideal as a trowel down underlayment and for repairs from a true feather edge up to 1/4"
- Can also be used as a skim patch or troweldown underlayment for horizontal repairs subjected to light traffic
- Can be used for tilt-up pannels
