## SpecTilt WB

Reactive Water-Based Cure and Bondbreaker

### SpecTilt WB: Diversified Yacht

Fort Myers Beach, Florida

**Contractor: Allen Concrete & Masonry**

*60,000 sq. ft. panels cast!*

Allen Concrete & Masonry of Fort Myers, Florida recently completed tilt-up operations on a challenging tilt-up project in southwest Florida. Tall, heavy panels (78' 10.5" tall and 195.7k in weight) were picked using **SpecTilt WB** on a tight site location. Wall panels incorporated form liners.

**SpecTilt WB** helped Allen to produce smooth, clean tight faced panels that picked easily from the casting bed.

*SpecChem provides the most comprehensive concrete chemical systems in the industry. For more information call your local SpecChem sales professional. 866.791.8700 or [www.specchemllc.com](http://www.specchemllc.com)*
