Final Finish

Rapid hardening, polymer-modified concrete resurfacer

Final Finish: Sporting KC LiveStrong Stadium Kansas City, KS

Final Finish is a one-component, rapid hardening, polymer modified concrete resurfacing mortar for smoothing, resurfacing, rubbing and restoring concrete surfaces.

Final Finish is the perfect product for filling and smoothing interior and exterior vertical concrete imperfections. Ideal for repairs from a true ultra thin finish up to 1/4" while providing superior coverage and durability for a variety of applications.

SpecChem provides the most comprehensive concrete chemical systems in the industry. For more information call your local SpecChem sales professional. 888.791.8700 or www.specchemllc.com
