### SpecPoxy 3000 FS

ASTM 881 compliant fast setting hi-mod, gel epoxy

### SpecPoxy 3000 FS: Memphis International Airport

Contractor: APAC of Tennessee

Memphis, TN

Supplier: Williams Equipment & Supply

Memphis International Airport is overhauling its runways and loading areas. SpecChem's complete line of construction chemicals, cementitious materials, and epoxies makes SpecChem the logical solution for a project this complex. Memphis International Airport is The FedEx Express Global "SuperHub." From 1993 to 2009, Memphis had the largest cargo operations by volume of any airport worldwide.

APAC of Tennessee is reconstructing airport runways and loading areas around the entire airport. SpecChem is providing a system of products that will meet the stringent ASTM standards, as well as lower material costs by consolidating to one chemical manufacturer. Nearly 1,500 gallons of SpecChem's SpecPoxy 3000 FS has been used to anchor dowels. In excess of 20,000 gallons of SpecChem's Pave Cure Rez White and SpecCity White, two VOC Compliant Curing Compounds, have been sprayed to protect the concrete from the sun's UV rays and ensure proper concrete hydration. SpecChem is your solution to service and provides you with the chemistry to compete.

*SpecChem provides the most comprehensive concrete chemical systems in the industry. For more information call your local SpecChem sales professional. 866.791.8700 or [www.specchemllc.com](http://www.specchemllc.com)*

#### SpecPoxy 3000 FS

Fast setting epoxy

- Anchors bolts, dowels, and reinforcing steel
- Vertical and overhead structural bonding and patching
- Sealing of cracks and the setting of injection ports

#### Pave Cure Rez White

High solids concrete curing compound

- Reduces shrinkage
- Improves durability
- Enhances performance; increases compressive strength and wear resistance

#### SpecCity White

White pigmented concrete curing compound

- Reduces shrinkage
- Improves durability
- Enhances performance; increases compressive strength and wear resistance
