SpecTilt WB
Reactive water-based bondbreaker

SpecTilt WB: VA Primary Care Annex

Contractor: Full-Tilt Constructors - Orlando, FL

Tampa, FL

120,000 SF primary care facility

This tilt up project consisted of 48 panels and over 20,000 LF of 2" reveal strip. Most of the panels were cast on the floor slab, about 8 panels were cast outside on casting beds. Full-Tilt was involved in the design and blast requirements for the tilt-up panels. The general contractor was Duke Realty Construction and the panel engineer was Steinbicker & Associates in Lake Mary, FL.

Full-Tilt Constructors has a unique approach to the construction industry: one that keeps their principals involved in every aspect of turnkey commercial, industrial, and institutional tilt-up construction projects from "concept to concrete."

SpecChem provides the most comprehensive concrete chemical systems in the industry. For more information call your local SpecChem sales professional. 866.791.8700 or www.specchemllc.com
