SpecPoxy Grout
High Performance/High Strength Epoxy Grout

SpecPoxy Grout: Circus Circus

Contractor: MJ Dean
196 cubic feet!

Las Vegas, NV

The newest thrill is now installed at the Circus Circus hotel in Las Vegas, NV. El Loco's design pushes the limits of what can be accomplished with a smaller footprint, maximizing space with a soaring, eye-catching structure. Riders experience twists, turns and drops very unique in the coaster world as they ascend 90 feet before dropping over and under to experience a 1.5 vertical-G. The indoor rollercoaster required very specific requirements. SpecChem's SpecPoxy Grout exceeded the needs of a product with high early strength, high compressive strength, bond and tensile strength for vibration application, impact resistance and high flow capability.

SpecPoxy Grout
High Strength Epoxy Grout

- High Flow Capability
