

## Water-Based Silicate Sealer / Densifier

A proprietary, colorless chemical solution that increases the wear surface strength of concrete floors subjected to pedestrian and vehicle traffic. SpecHard penetrates concrete surfaces to seal, densify and harden. SpecHard floors last longer, cost less to maintain, are safe to use, and are guaranteed to resist dusting for years after application.

### ✓ Benefits

- Reduces porosity and increases hardness of the concrete surface
- VOC compliant and non-yellowing
- Resists staining and penetration of oil and many chemicals
- Minimizes tire marks and makes them easier to remove
- Low sheen enhances the appearance of concrete surface
- Compatible with SpecChem SpecTilt bond breakers for tilt-up projects
- Cures, seals, hardens, dustproofs and prevents efflorescence
- Promotes bonding of secondary toppings
- Controls hairline cracks
- One application, economical, water clean up

## Usage

- Tilt-Up
- Hairline cracks
- Fresh, new, or existing concrete

## Packaging

- 5 gallon drum (18.93 L)
- 55 gallon (208.2 L)

## Standards

- Recommended for ACI 302. Class 1 through 5 concrete floors, and class 9 super flat floor
- USDA accepted
- Typical Properties

|                     |                   |
|---------------------|-------------------|
| Active Ingredients: | 100%              |
| Type:               | Proprietary blend |
| Flash Point:        | None              |
| Odor:               | None              |
| Color:              | Clear             |
| Dry Time:           | 2-4 hours         |
| VOC:                | 0.0               |
